

Letty Roy has an incredible passion to share the love of Christ and speak into the lives of others. Having gone through her own personal experiences of pain and loss, Letty is able to empathize with others needing comfort, encouragement, and hope.

As a member of Grace Church of Humble over the last decade, Letty has served in multiple capacities, as well as participating in weekly outreaches throughout the Houston area to include feeding the homeless, visiting nursing home residents, providing food and clothing to needy families, and mentoring “at risk” youth.

Letty is committed to helping people achieve their individual goals even in her professional career. As a licensed Speech-Language Pathologist for the last ten years, she treats and evaluates students diagnosed with a variety of communication disorders.

She is honored to be a part of the 1Embrace BARE Leadership team as community coordinator where she leads women into a growing relationship with Jesus Christ that leads to healing, deliverance, and freedom.

She is the mother of three children, whom she considers as her first ministry.
